SIMON SCHUSTER, United States, 2011. Paperback. Book Condition: New. Reprint. 221 x 145 mm. Language: English . Brand New Book. The True Story Behind Manifesting Michelangelo: At the dawn of the new millennium, Joseph Pierce Farrell made a startling discovery that redefines what it means to be human and holds the potential to transform the world. Having abandoned his childhood dream of a career in healthcare when he was a young man, he drifted into a humble job restoring antiques and furniture. Then one evening while working in his basement studio restoring the face of a church statue, he stumbled upon his discovery. Immersed in the meditative process of sculpting, he permitted his mind to dream with the unlimited imagination of a child, and he envisioned how wonderful it would be if he could restore a real child's face with the same God-given artistry with which he was restoring the sculpture. In that moment, he experienced a brilliant blinding flash that ignited within him a remarkable power. Since that transformative moment, he has realized the profound capacity to wield spirit, like a gifted sculptor wields tools, to restore the severely disfigured features on a young man's face, virtually erase an inoperable brain tumor, and mend shattered bones in limbs -simply with intention and a profound connection to a higher source. For nearly a decade, he has continued to demonstrate his gift in clinical settings under the supervision of medical doctors. Now endorsed by leading scientists and medical doctors, and supported by profound photos, Farrell's body of evidence has served to construct a bridge to allow science and spirituality to heal their divide and advance the acceptance of the emerging integrative healthcare model. His discovery has the capacity to alter science, transform the face of healthcare and forever...
