The Essay is a critical study of the two representative systems of Ethics, with one or other of which the names of most thinkers in England and America are at present associated. Mill and Hamilton, the philosophical leaders of the last generation, have chiefly a historical interest for ours; and the undying dualism of metaphysical thought is propagated in Critical Idealism and Evolutionistic Realism. Kant laid the foundations of the one, just a hundred years ago; Mr. Herbert Spencer, in our own day, has laid the foundations of the other. The present Essay attempts an estimate of the ethical philosophy of each of these teachers. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
