Language: English Brand New Book ***** Print on Demand *****.In the high-stakes, international fast lane of global commodity markets mistakes can be costly, and Everett Anderson is about to make a fatal one. Following a life-threatening injury which ends his NFL career for good, he hires on at The Continental Trading Group, Ltd. Right at home in the testosterone-filled trading environment, Everett thrives. None of his fellow brokers ever questions their enigmatic boss and guru, Jack Diamond, and his flawless track record of investment advice- they re all too busy making millions for their clients, and for themselves. Jack takes Everett under his wing and teaches him the finer points of trading the muscle markets. Back on track and back in the game, Everett quickly learns how risky the futures market can be, and he forgets the first rule of trading- cut your losses. Now the US Treasury Department knows all about Continental and what makes the august, privately-held brokerage house so accurate and so successful. Everett s only way out is Victoria Vasquez, a beautiful rookie Treasury Agent working undercover on her first assignment. What he ultimately discovers about his employer could make him very rich, if it doesn t first get him killed.
