Brand New Book ***** Print on Demand *****.Did God already send us a Theory of Everything and we just were not able to understand it? And are we only now sufficiently evolved to understand God s Theory of Everything? More than two centuries ago, the scientist and theologian, Emanuel Swedenborg rediscovered the Science of Correspondences.This heavenly science is the key that opens the spiritual sense of the Word. It unveils God s Theory of Everything. In The Science of Light, Truth and Love, the author shows how the pure and infinite realm of projective geometry corroborates the revelations of Swedenborg and God s Theory of Everything. In the process, the most fundamental questions of existence are answered: What is the real nature of Light? Is consciousness fundamentally more real than matter? Why does the Infinite (God) need to create the universe? What is the real purpose of the universe? How can the Infinite (God) be involved in the finite universe and yet remain distinct from it? How does the universe function and evolve? What is man? What is the relationship between the Infinite (God) and man? What is the difference between reality and fantasy? What is the cause or origin of evil? Why is life on Earth necessary? How do we individually realize the purpose for which we were created? What is the connection between science and spirituality?.
