RIGHT BRAIN DOLCH PRE-PRIMER SIGHT WORD CARDS

Child Diagnostics, Inc. / Dianne Craft, 2015. Softcover. Book Condition: New. A new teaching product for struggling learners! Do you have students who are struggling to memorize their sight words? Stop the struggle! Students effortlessly learn to read and spell these basic words because the imagery on the words causes it to stick in their long term memory. This unique learning technique shows the students how to use their internal ? camera? to take a picture of the word. This enables them not only to remember the name of the word, but also to SPELL the word from memory. Many of your students will easily spell the word forwards and backwards, although this isn?t necessary. This has often been called a ?universal learning method? because it is so easy to use for even the most struggling learner. It helps students tap into their natural photographic memory. Dianne Craft has made these 22 sight word cards with the unique ?imbedding? technique that make them so easy to remember for our population. These colorful cards are available in sets by Dolch grade level: Pre-Primer (40 cards), Primer (52 cards), First Grade (41 cards), Second Grade (46 cards), and Third Grade (41 cards). Teacher instructions are included. This method of learning works wonderfully with students of all ages and abilities: . Kindergarten teachers can give their students a real ?leg up? in learning the early sight words. . First grade teachers use this method to ensure that all their students learn the basic sight words by the end of the year. . Second and third grade teachers use it for those students who are reading below grade level. . ESL teachers find them very effective for their population. . Struggling readers, students on an IEP, and students with an auditory processing glitch find these...
