Is Gods time a hoax perpetuated by the clergy for fear of the unknown or a consequential necessity of life The essence of time is cast on all human activities on planet Earth. Understanding how this time element plays out in the celestial environment may be full of fascination to the curious human mind, but is wrapped-up in peak challenges. While mans journey begins with the creation of time, Gods journey remains a mystery. By confining certain aspects of his future plan to himself, the ubiquitous creator having endowed humanity with limited knowledge, watches in glee mans futile attempt at reading the mind of God. Your time may not be the equivalent of Gods time, but it sure is an era over which humanity is required to honour the creator of the universe in all things while sharing Earths abundant resources from generation to generation until the promised great day of the Lord!
