The fish have carried better this season than ever before. Reports received from nearly all of the applicants made mention of the excellent condition of the fry at the time of delivery. CREATION OF NEW OFFICE. In November, 1911, the Commission saw fit to create the new office of Pish Culture and Distribution, and I was assigned to this new division of the work. I entered upon my new duties with great interest and enthusiasm. The work at first was somewhat heavy; but I was able with the excellent assistance given me, to effect a successful organization of this new department. The duties of this work required me to be away so much that the Commission very kindly furnished me with the valuable assistance of R. W. Requa who in April was made assistant superintendent of the Sisson Hatchery. He has verjr ably conducted the work of this station during my long occasions of absence while I was away on tours of inspection into every section of the State. THE HATCHING SEASON AT SISSON HATCHERY. The season for hatching here and at the substations has been unusually successful, and I submit herewith a tabulated list of the varieties and numbers of trout hatched: Loch Leven Tbout. Eggs taken 1, 500. 000 Loss in eyeing and hatching 20(. . 00 Left for distribution 1, 293, 500 Eastern Brook Trout. Eggs taken 1000, 000 Loss in eyeing and hatching 94, 000 Left for distribution 906, 000...
