RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 56 pages. Original publisher: Washington, D. C. : The Office, 2001. OCLC Number: (OCoLC)47243684 Subject: Electronic mail systems -- United States -- Management. Excerpt: . . . any, award fee was withheld because the EOP did not provide us with complete award fee documentation. The problems with tape management were not subsequently resolved. In March 2000, the EOP tape restoration project manager stated in a memorandum that e-mail backup tapes needing restoration could not be identified and that all tapes that had been retained would need to be examined to determine their contents. As a result, the EOP rated the contractors performance in this area as unsatisfactory and withheld 20, 832 in award fees for this and other system life cycle tasks. The error in configuration of user accounts that caused the Mail2 malfunction - entering MAIL2 instead of Mail2 - continued even after it was discovered in June 1998. In April 1999, the EOP found that this configuration error had not only occurred continually on the Mail2 server since October 1996, but also...
