1891 MEMOIRS OF MISSISSIPPI: VOLUME I, CHAPTER 4 (PAPERBACK)

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This is the Fourth Chapter of Volume I, of 1891 Memoirs of Mississippi. It is updated by transcribing it into a more usable size and format thereby modernizing it for current reading habits. This Chapter addresses the Organization and Governmental form of what is now the state of Mississippi from its early settlement, existence as a Territory, and finally Statehood. It also addresses the slavery issue, and brings to light the seriousness of it to the legislators who voted to secede from the Union rather than give it up. It helps us to understand the early drawing of the line in the sand, by the South and the equally strong insistence on stamping out that line, by the North. Also addressed is the continuing issue with the Indians, and their original land and rights. This period of Mississippi history is one of true diversity with French, Spanish, English, original American Indian, early American settlers, and African Americans before there was that diversity designation: all looking for and demanding equity of treatment, and a sharing in the resources of the new country. The formal governmental establishment with its attending laws are the means in which equity is recognized and addressed in those early struggling years of settlement.
